

FELLINI Hidden Bar

LE.BR.FL

Description

Fellini is a refined yet surprising home bar. It is a product with an intimate soul, fitted with a special recessed doors system that can cleverly optimize the space while maintaining simple lines and the possibility to conceal everything you may need in a home bar. Once opened, the doors glide sideways to reveal large and well-designed space where to exhibit your finest bottles.

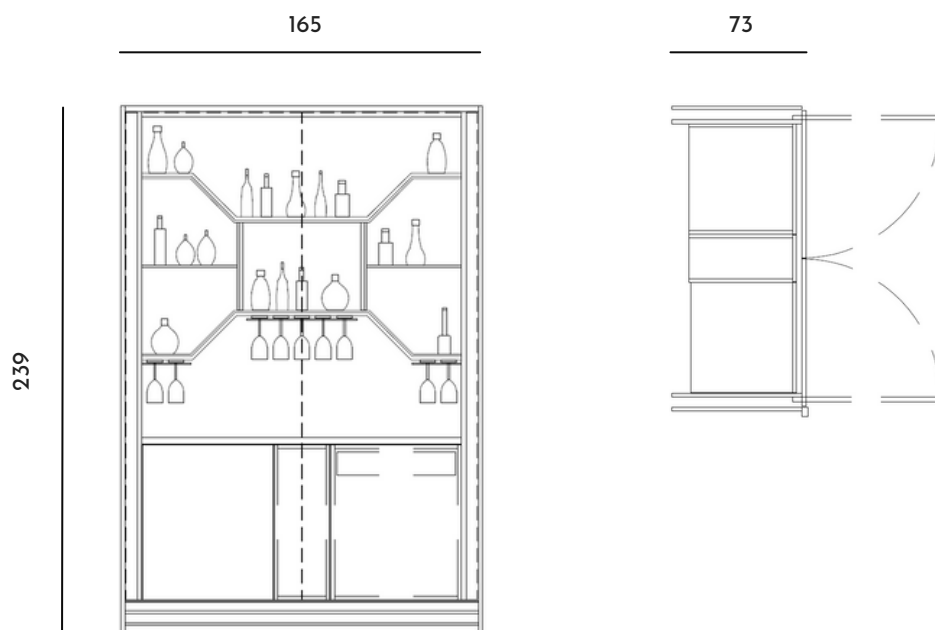

Fellini's internal design is modern and linear based on an interesting interaction between shapes and materials. It consists of a spacious working top and equipped door compartments to host small appliances and drawers. In the upper part, open shelves create an essential layout, where to display bottles and store stem glass in specific stainless steel holders. Recessed led stripes and a mirrored back, light up the entire piece, creating an exclusive and sought-after atmosphere.
