## Dartboard Cabinet

Nido, is the brand new **Dartboard Cabinet** designed by Pino Vismara.

More than just a darts cabinet, Nido is a book-style opening unit that revolutionizes the traditional idea of darts.

A perfect balance of functionality and contemporary style, it enhances modern and sophisticated spaces.

Once closed it looks like a picture, but once opened it reveals a professional sisal target. A printed foam protects the space around the target, and on the inside of the door all the accessories are stores, like four sets of darts and a leather covered scorebook.
